

Hamann Construction Door Audit Service

Evaluation | Recommendation | Repair/Replacement

Hamann Construction's Industrial/Commercial Annual Door Audit Service will evaluate your facility's doors to identify issues, recommend solutions, and create a plan for repair or replacement, and maintenance.

Hamann's Industrial/Commercial Annual Door Audits include:

- Create a floorplan/layout of your facility
- Catalog each door, frame, and hardware (hinges, closers, sweeps, locksets, etc.)
- Assess each door's operational reliability, energy efficiency, and physical condition to identify potential issues, deficiencies, and areas needing improvement
- Provide detailed documentation of audit findings outlining recommendations for repair or replacement, and potential maintenance schedules to prolong the efficiency and lifespan of your doors
